All our dishes are made from scratch in real kitchens by real chefs. While our teams adhere to strict standards, we do prepare food in a kitchen where allergens, including gluten, are present. We do not declare every ingredient used within a dish on this menu. If you have any specific dietary requirements or allergies we have a comprehensive allergy guide to help you make the right choice for you - please ask a member of the team before you place your order - if you have any further questions please do not hesitate to ask for the manager on duty will be happy to help. Gluten free pasta and pizza bases are available on request - please note dishes are NOT produced in a gluten free environment.

Dishes are usually served in the order in which they are prepared. All weights are uncooked food. Dishes may contain traces of nuts and dairy. We want you to enjoy our burgers just the way you like and we prefer them cooked medium so they are pink and juicy but, of course it is up to you, however, the Food Standards Agency has asked us to point out that undercooked meat may increase the risk of foodborne illness.
